4. Departmental Report for May 2013 – Director Page

Director Page reported that the majority of adult athletic leagues have ended. Currently enough men have not registered for 7-vs-7 lacrosse, but the Director remains hopeful; it will be offered again in the fall. The 15th Annual Half Rubber Tournament will be held on Saturday, August 17th; information on the event can be found on the City's website. Youth baseball has also concluded; participation was good for all age ranges. Twenty-one (21) boys between the ages of twelve and fourteen (12-14) have registered for 7-vs-7 lacrosse; only three (3) boys ages fifteen to eighteen (15-18) have registered for 7-vs-7 lacrosse. Another session of Tots Lacrosse will be held Saturday, June 15th; five (5) children participated in this activity in May. Spike Nights continues to be a popular activity for children aged five to sixteen (5-16) and will continue to be offered as long as participation is good. For the May dodge-ball pickup game, twenty-two (22) youths participated. The Isle of Palms Beach Run will be held on Saturday, June 29th; registration is free for City employees. A sports camp has been scheduled for each week during the summer; the camps will range from soccer to lacrosse to volleyball, and everything in between. Most classes have been discontinued until the fall when they will re-start. Activities that will continue through the summer are BOSU, Mah Jongg, personal training, Pilates, semi-personal training, senior aerobics, senior exercise, total body challenge, yoga and Zumba. The Director noted that Dr. Schutte, an orthopedist associated with Eat Cooper Medical Center, presented a program on "Joint Pain" and the many innovations available today relative to knee replacement surgery. The 25th Annual Sand Sculpting Contest was held Saturday, and there were forty-seven to forty-nine (47-49) sculptures. The Annual Community Wellness Fair is scheduled for Thursday, September 26th; Director Page is investigating the possibility of offering the full blood profile available to the public for the much reduced rate charged to City employees. Holly Norton, the Community Specialist, works the front desk, registers guests and assists the staff other regular duties. Since Parks and Grounds Supervisor Nick Bako continues to recuperate from foot surgery, Facilities Specialist Shelia Redmon has taken on some of his duties as have other members of staff. In spite of all of the activities in May, the staff incurred only three-quarters ($\frac{3}{4}$) of an hour of overtime; the building was available for three hundred sixteen hours (316 hrs.)
